## IT'S ALL YOURS!

**DX** The WRTC (World Radiosport Team Championship 96) has ended. At the various locations on the Peninsula and East Bay, the teams have ended their 18 hours of operation. The FCC allowed the teams special call signs, such as the one assigned to the location of **W6VG**. This call was **W6K**. The team assigned to **W6K** consisted of **F6FGZ**, **F5MUX** and the

judge **K5RC**. Equipment and antennas were checked out Friday afternoon July 12, and the contest started at 5 AM Saturday July 13, and ended at 11 PM Saturday July 13. Only 100 watts maximum was allowed, tower height of approx. 50 feet, a triband beam and a dipole for 40 meters. All stations were supposed to be on the flat, and not up in the hills. Every effort was made to make all stations equal, and the contest results strictly the operating skill of the two operators. 2334 contacts (after dupes) were made at this station, with contacts made on 40, 20, 15, & 10 meters. The operators brought their own rigs and lap top computers. The judge also used his lap top computer and recorded the entire 18 hours on a VCR. (audio only) The other PAARA stations to my knowledge were **W6ISO**, the PAARA field site. Info on station hosts was just not available. Meeting many foreign hams was a wonderful and exciting opportunity, and I hope the U.S. hams made a good impression on our brother hams from other countries. 10 & 15 meters were open and this looks good for more DX in the coming winter. Northern Calif. DX Club elected **Ted Algren, KA6W**, the new president. He is a highly respected ham, a real tiger on 160 meters and will be a fine leader of our DX group. DX is NOT dead on 160 meters. Ted does live high in the mountains of Los Gatos. Keep listening. **73, Ron W6VG**

## ELMER

## By Rich Regent, K9GDF

**VE** Saturday June 15 we had an early turn out of applicants for ham licenses and upgrades. On the scene for administering the tests were **Joe Horne Sr. KB6OWG**, **Gene Irazarry KK6LO**, **Dan Curry WB6STW**, and **Ron Panton W6VG**. We had no code tests given as **Bill Sooman WB6UVO** was absent. There were around 25-30 tests given and most of them passed. It is very difficult to inform an applicant when they have failed. None of us enjoy that part of the job. As we said last month, we do need more help on the 3rd Saturday of each month. 73, **Ron, W6VG**

# PAARA Field Day

## June 22-23, 1996

## Field Day

I hope everyone who participated in the **W6 OTX Field Day** effort had fun, I know I did. By pretending to be totally disorganized and waiting until the last minute to show any signs of effort, I think we threw our competition off balance. Our QSO score was 5678, over 1000 better than last year! We worked **K6YA** on both satellite and 20cw. It was great to hear our former president **Bob, K6SEM** working 1A from Colorado. We logged him on 40 Phone and 20cw. Around 0040Z I worked **HB9AFI, G0WSP**, and **GI4UDI** gave me a 5 over 9 in North Ireland. **Steve, KO0KV**, showed up as last year and started us off on phone, followed by our own **Dave, WS6W**. It was great having **Kaz, JR1VMX** drop by on his way home via SFO and work 80m a few minutes. **Sean, KE6QMG** supported the phone effort for a while, as well as maybe a few others too numerous to mention.

**Kim, KM6OH**, was the able captain of our record setting CW station, (for recent 2A history anyway). **Mac, W6BSY; Don, KE6DVP**; another **Don, W6VTK** and **Bill, WB6IYS** were the main stays of the CW operator effort. They used **Fred's (K6YT)** rig this year and it worked great.

When dinner time came, **Len, W6HLE** rustled up some grub for us in the guise of perfectly broiled steaks. I had done a pretty accurate head count the day before so there were just enough to go around, and I'm sorry if some late shows didn't get something to eat. Sunday morning, **Len and Don W6VTK** delivered some tasty French toast which was much appreciated.

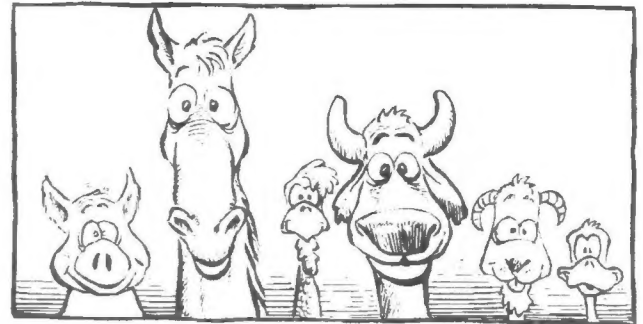

**Bill, AAPA**, delivered several satellite Q's which gave us 100 bonus points we didn't have last year. I think he needed some last minute equipment support from **Lars, AA6IW** via **Mike, K3MC**. **Andy, VE3FZK** delivered on the message to the SEM and collected our 100 points for packet. Andy also made sure we got our 100 natural power points. **John, N6WBP** donated his call sign to the Novice/Tech station, and did a great job setting up and raking in calls on VHF, (another 100 bonus points). **Tom, K6JBR** was burning the video tape during setup and much of the operating period. Maybe for some future PAARA meeting?? **Wally, K6URO** was around taking pictures for PAARAgaphs. Thanks to all helped setup, **KD6ZL, WB6STW; W6APZ; my brother**, and a few who I'm sure didn't make it into the log book. It couldn't have been done without you. And thank you **Fred!**

See you next year, de **WA6LNV**

**Fred, K6YT**, also thanks:

**Chris, N6VZD; Kim, KM6OH; Bill, KE6CHQ; and Jeff, N6WLA** for participating Friday, Saturday or Sunday.
